

## Helly Hansen clothing with UNIS logo for students and employees

*Developed together with professional explorers to achieve the ultimate expedition set. Hard-shell fit provides maximum protection from the elements.*

*Development for the Walking With the Wounded North Pole Expedition 2011 together with adventurer Inge Solheim and also used for WWTW South Pole Expedition in 2013. The set is today used for both expeditions and as uniforms for such as Norsk Folkehjelp.*
