

# Registration of research proposals at UNIS

**All proposals of any kind should use this form, independent of role, funding agency or project size.**  
 Part 1) *Basic information* is mandatory, while part 2) *Additional information* can be submitted at any time or latest with the final submission. Use the *Comments field* for all other relevant information. Send the form to [research@unis.no](mailto:research@unis.no) as soon as possible in the process, and send updates as often as necessary. A final form must be sent in after the deadline together with the proposal and other relevant documents.

**1) Basic information (mandatory at first submission to [research@unis.no](mailto:research@unis.no))**
